

Award for top product quality!

Wels/Austria: TSC has won two DLG gold medals due to the superb quality of its products.

After very extensive examinations at the international quality inspection for milk and dairy products by the DLG (German Agricultural Association), TSC Food Products GmbH has been awarded two gold medals!

Besides the product sensor technology, detailed checks of the labelling have been conducted.

“All products have been tested by experts in neutral tests on the basis of current and scientifically proven methods”, confirms Inka Scharf, who had the project lead.

The DLG-testing center for food products is leading in quality inspections of food. Tested products fulfilling the high-quality standards of DLG are awarded with the DLG logo in gold, silver or bronze.

About TSC

TSC, The Chilled Snack Company, is an international growth-oriented company specializing in the development, production and marketing of chilled snacks. The snacks are produced according to the strictest quality standards. Numerous certificates bear witness to that. TSC works closely with the world's leading retailers and distributors as well as the FMCG and dairy industries.
